MICROFILM

SUBJECT

Construction Report for November 1965

ACTION REQUIRED - REFERENCES

1. Monthly Construction Status Report is forwarded as Attachment 1. It is desired to point out that the most active construction program, that of the [REDACTED] shows a rising cost trend due to present and predicted inflationary effects. No change in CWE (Current Working Estimate) has been made in the other programs except for [REDACTED], which has been increased even though design changes have been approved which reduce the floor area somewhat. It is currently quite difficult to prepare cost estimates for construction in South Vietnam.
